## Diaspora Directory in Context

The second Global Irish [Civic Forum](#) took place on 4-5 May 2017 in Dublin Castle, with the theme “Communities, Connections, Conversations”. As was the case with the first Global Irish Civic Forum, held in 2015, Irish community leaders from around the world, drawn from emigrant and diaspora communities, came together in Dublin to discuss the challenges facing the Irish abroad. Over 220 attendees from 16 countries, representing more than 150 organisations dedicated to supporting Irish communities around the world participated in the Forum.

Increasing connections and collaborations between organisations was a key theme at the Civic Forum. As part of our commitment to follow up, and acknowledging requests from Irish community groups, the Irish Abroad Unit has developed this Diaspora Directory to help all members of the Global Irish community to stay better connected to each other. Don't forget that the [Global Irish Hub](#) also has other resources to help you [connect and communicate better](#).

This is the second edition of the Diaspora Directory which has grown from 360 entries to over 760. We acknowledge that not every Irish linked organisation around the globe is listed – it would be impossible for us to create an exhaustive list of every Irish linked organisation – but we hope that this is a good starting point for anyone looking to connect with Irish communities and groups around the world. The four criteria we used for inclusion in this Directory are:

- Organisations that have been funded in the last five years by the Department of Foreign Affairs and Trade's [Emigrant Support Programme](#).
- Organisations that were represented at the 2015 and 2017 Global Irish Civic Forums.
- Organisations recommended for inclusion by an Irish Embassy or Consulate.
- Organisations funded by the Emigrant Support Programme GAA Global Games Development Fund.

As a Department we have a strong [commitment](#) to upholding best practice in data protection and for this reason all the details in the Directory have been sourced from publicly available information.

Organisations are grouped by geographic area and then alphabetically. We have also added “tags” to organisations, to aid in your search and to give an indication of the type of work the organisation is engaged in.

The information and links in this document are valid as of 1 November 2017.

*The Department of Foreign Affairs and Trade bears no responsibility for the content of a third-party site or any subsequent links that it contains and has no control over the content or availability of such a site. The third party site should be contacted for answers to any questions regarding its content.*

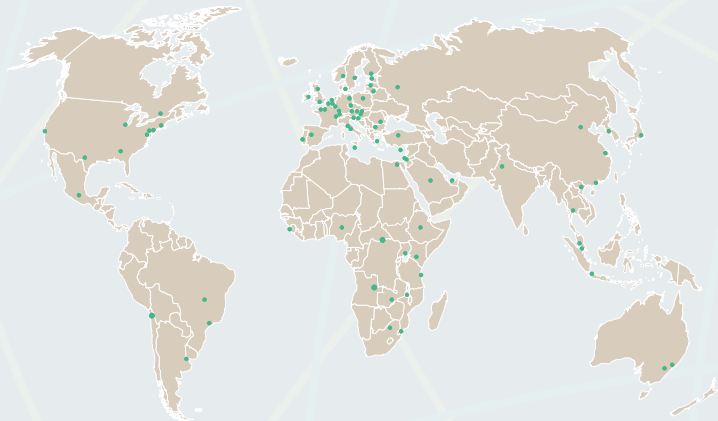

## Department of Foreign Affairs and Trade Communications

### The Department and Ireland's Missions

With over 80 Missions around the world and with a global team that works in more than 50 languages, the Department of Foreign Affairs and Trade is here to work with the Irish diaspora and Irish organisations.

The Embassies, Missions and Representative Offices that make up our Mission network support Irish communities by advocating on their behalf, by organising events and activities that Irish communities need or are interested in, and by providing consular and administrative assistance to thousands of citizens every year.

If you want to find out more about your nearest Irish Mission or about the work of the Department please visit our website <https://www.dfa.ie/>. On this site not only will you find information on travel, passports and citizenship, but you can also find out more about all the work and developments of the Department's Divisions and our Ministers.

### Social Media and Digital Communications

The Department and our Missions are also greatly developing our social media and digital communications work. We want to connect with you on the go and also deliver services and information tailored to you.

Many of our Missions maintain Twitter and Facebook accounts and you can find them by visiting a Mission's webpage or checking out the lists section on the Global Irish Twitter account. The Department's Twitter account [@dfatirl](https://twitter.com/dfatirl) is also updated daily and is a great way to hear about all the latest developments and the work of our Ministers and Missions.

You can also download our dedicated and award winning *TravelWise* app which provides security ratings and information for over 200 countries. The app can notify you in the event of security situations in your country and provides you with all the links and information you need to contact your nearest Irish Mission or the Department's consular assistance team.

For more information check out:

<https://www.dfa.ie/travelwise/> or on Twitter search for [@dfatravelwise](https://twitter.com/dfatravelwise)

### **Global Irish Content**

The Global Irish Hub (<https://www.dfa.ie/global-irish/>) is the best location to get all the information you need on the range of *Global Irish* initiatives and the work of the Minister for the Diaspora. The hub reflects the goals of the '*Global Irish: Ireland's Diaspora Policy*' and seeks to help the Irish diaspora under five headings:

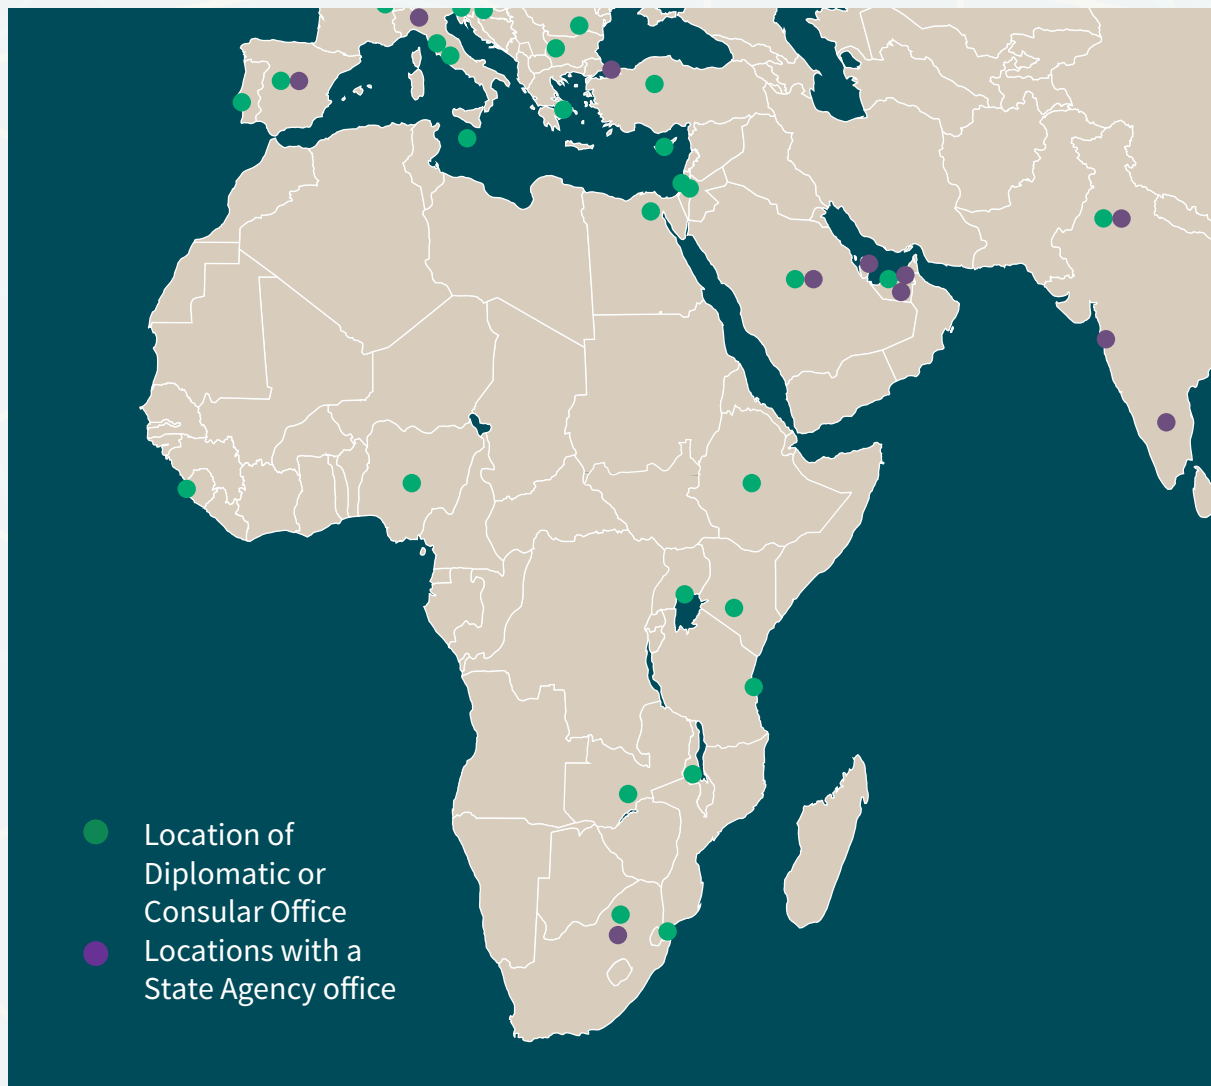

On the Hub’s pages you’ll therefore find all the information you need on applying for the Emigrant Support Programme or nominating someone for a Presidential Distinguished Service Award. You’ll also find pages offering practical advice on returning to Ireland and maintaining connections with Irish people, both at home and abroad.

For the day to day news and engagement we also have the Global Irish Twitter account **@Globalirish**. With more and more followers every day, the Global Irish Twitter account is a great way to hear about the work of many of Ireland’s Missions and of the work of many of the organisations that we support.

Finally we also have the Global Irish Newsletter which goes directly to your email inbox and provides you with interesting stories written by Irish Missions and members of the diaspora from around the world. You can sign up to the newsletter and also find out more about Irish news for the diaspora by visiting <https://www.dfa.ie/global-irish/staying-in-touch/>.
